

Dear ISU families,

It was wonderful welcoming students and teachers back today, and having our building re-energised.

As you may already be aware, we have taken the following additional measures to minimise exposure of our community to Covid-19:

- Swimming is cancelled;
- All after school activities in the Sporthalle Offenhauser Gries (across from school) are cancelled. Students who have signed up for these ASAPs will have the opportunity to take part in other activities onsite at school;
- EYP 3- Grade 5 PE continues on school grounds;
- Grade 6-7 PE will take place on school grounds or outside area across from school. Students will change at school in designated areas;
- PE for Grades 8, 9 and 10 PE will continue as normal in the Nersingen BBU gym.

We have cancelled activities in the Sporthalle Offenhauser Gries because of the volume of people and schools using this facility and the limited opportunities to clean and disinfect. These measures will be reviewed in 2 weeks.

PE will continue in the Nersingen BBU gym as it is cleaned more regularly and ISU students are the first using it on Tuesday mornings.

Please see some further points below:

- A list of high-risk areas can be found on the [Robert Koch Institute website](#). Anyone who has travelled to high-risk areas needs to contact the health authorities **immediately** at *Bayerisches Landesamt für Gesundheit und Lebensmittelsicherheit (LGL) hotline at 09131 68085101*
- Anyone with a sore throat or symptoms of respiratory illness, with or without a fever, are asked to refrain from visiting the campus. If students are experiencing these symptoms, parents should inform us and keep their children at home until they feel better. If these symptoms persist, please do seek medical advice.
- Should we have to close the school, we do have provisions to continue learning online. I ask any family that does not have internet access to contact me so we can provide provisions.

We are in the process of creating a tab on our website with information and local resources with regard to Covid-19.

Thank you all for your continued support and understanding.

Kind regards,

Liam
