Policy Statement

Students’ Rights and Responsibilities

The International School of Ulm/Neu-Ulm students are expected to act in a responsible manner and to exhibit courtesy towards their classmates, teachers, and other staff members. Students should respect themselves and other people, the property of others, the property of the school, and the cleanliness of the campus. Infringement on another student’s rights will not be tolerated. ISU students must also respect the values and traditions of our host country.

Every student has a right to attend school free from the threat of physical or psychological harm. Physically aggressive behavior that could result in injury is unacceptable at ISU. Likewise, bullying or threatening harm will not be tolerated and will result in disciplinary action. Such conduct off campus may also result in disciplinary action if the incident is school related or occurs while participating in a school related activity. Students have the responsibility to uphold the expected standards of behavior and to comply with all reasonable requests and directives given by employees of the school. Furthermore, students will be held responsible for the behavior of their guests on campus.

In order to ensure a safe environment, weapons or objects used to threaten or intimidate are not permitted. Many objects are potential weapons so judgment must be on the side of safety. Items judged to be unsafe will be confiscated and returned only to the parent/guardian. Under no circumstance may a student bring a gun or weapon on campus.

ISU will provide the students and their parents with documentation that includes relevant regulations, procedures, and expectations, as well as other information about the school and its procedures.

Student Attendance

ISU’s instructional program is based on the assumption that students will attend school regularly. Daily class attendance is a condition for fulfilling credit requirements, course completion obligations and general academic progress at the school. In any case, the Bavarian regulations governing “Bayerische Schulplicht” have to be followed.

Student Dress Code

Students are expected to wear clothing for school that is appropriate for a learning institution, the student’s age, and the culture of the community in which we live. The key to proper appearance is modesty and neatness. Clothing that promotes the use of drugs, alcohol or smoking are not allowed. The school administration reserves the right to make final judgment on acceptable attire for students.
Drug and Alcohol Abuse by Students

Students are not permitted to use tobacco products on school property, at school-sponsored activities or on school-sponsored trips. ISU also prohibits the possession, sale or distribution of illegal drugs, legal drugs used in an abusive manner, drug-paraphernalia or alcohol on the ISU campus and on any ISU-related trip or activity. ISU also prohibits the use or being under the influence of illegal drugs, legal drugs used in an abusive manner. To ensure such an environment, ISU will vigorously discourage the use of illegal drugs, the abuse of legal drugs and the use of alcohol by its students.

Students who violate this policy may be subject to disciplinary procedures, suspension or even expulsion.

At its discretion, ISU may search any item on its campus and property, including all lockers.

Suspension, Expulsion and Due Process

Attendance at ISU is a privilege, not a right. Students whose behavior is unacceptable, as judged by the administration, are subject to suspension and may be expelled if such is thought necessary by the Director.

It is the responsibility of the Director, to establish rules of conduct and disciplinary actions, and to make these available to students and parents/guardians in school handbooks. It is expected that rules of conduct and disciplinary actions are read and observed by all concerned. Students who are expelled are liable for the payment of the full contract.

Purpose

ISU is a community that believes in empowering socially responsible learners to succeed. We firmly believe that students and staff have the right to work in an environment that is caring, supportive, and diverse. It is the responsibility of the teachers, staff, administrators, students, and parents to work together as a community to achieve this goal through consistent best practices and restorative processes. The restorative process manages conflicts and tensions by repairing and building relationships through equitable practice and interventions. At ISU, we ensure that the code of conduct is implemented in a manner that is consistent with and inclusive of our learner’s human dignities.
